

"The vivid story of a young Reggie Jackson on Charlie Finley's A's and the veteran Willie Mays on Yogi's Mets, both destined for the '73 series." -Library Journal

IN 1973, BASEBALL WAS IN CRISIS.

The first strike in pro sports had soured fans, American League attendance had fallen, and America's team—the Yankees—had lost more games and money than ever. Yet that season, five of the game's greatest figures rescued the national pastime.

Hank Aaron riveted the nation with his pursuit of Babe Ruth's landmark home run record in the face of racist threats. George Steinbrenner purchased the Yankees at a bargain basement price and began buying back their faded glory. The American League broke ranks with the National League and introduced the designated hitter, extending the careers of aging stars such as Orlando Cepeda. An elderly and ailing Willie Mays—the icon of an earlier generation—nearly helped the Mets pull off a miracle with the final hit of his career. Reggie Jackson, the MVP of a tense World Series, became the prototype of the modern superstar.

THAT ONE MEMORABLE SUMMER CHANGED BASEBALL FOREVER.

"It's a season-ticket to one of the greatest years in baseball history. John Rosengren has given us one of the most enjoyable baseball books to come along in years."

-Jonathan Eig, author of *Luckiest Man: The Life and Death of Lou Gehrig* and *Opening Day: The Story of Jackie Robinson's First Season*
